FOAM DINNERWARE

Keith's Essentials foam dinnerware is an excellent everyday choice for strength. Choose from a variety of shapes, sizes, and durability.

Laminated: Topped with a single layer of laminate for cut-resistance and strength. A good choice for heavier or hot entrees.

Unlaminated: A lightweight and economical choice to help make items like salads and appetizers more profitable. Count on a secure feel with very little bending. They're best used for items that don't require cutting.
